

# Family Centered Practice

This training event is geared toward mental and behavioral health, juvenile justice, social service employees, as well as parents and family caregivers, health professionals, educators or anyone who works with children and families.

## SPONSORED BY

Cabell & Wayne County Family Resource Networks  
West Virginia Department Health and Human Services - Bureau for Children and Families  
Prestera Center

## LEARNING OBJECTIVES

1. Participants will be able to explain what family centered practice means and identify practices that are and are not family-centered.
2. Participants will be able to explain the definition of "family" from a family-centered perspective, and identify the nine key elements of family-centered practice
3. Participants will be able to identify what systems changes need to occur within their communities and agencies to move toward a more family-centered approach to service delivery.
4. Participants will know the definition, essential elements and underlying values and principles of culturally competent service delivery.

CEU's requested for Social Work, Licensed Professional Counseling, and Nursing & Certified Addictions Counseling (STILL PENDING)
