<p><b>Level II</b>  Our youth in care are guided through a four-level program with specific behavior modification goals that help to develop emotional intelligence and positive coping skills. This is accomplished through education, individual, group and family therapy, as well as a variety of quality of life programs. Our overall goal is to provide each young man with treatment and personal growth tools that help him to progress toward becoming a well-adjusted adult with accountability, responsibility and success self-management.</p> <p>The Children's Home of Wheeling is committed to providing quality of life programming beyond treatment. Through outside funding beyond state bundled rates for care, our residents also have the opportunity to receive individualized educational support, to explore volunteering, art, music, gardening, cooking skills, physical fitness activities and community events.</p> <p><b>Treatment/Services</b></p> <ul style="list-style-type: none"> <li>• Crisis Intervention</li> <li>• Screening and Diagnostic Testing</li> <li>• Clinical Evaluation</li> <li>• Psychological Exams/Psychiatrist</li> <li>• Case Management/Treatment Plans</li> <li>• Behavior Management</li> <li>• Individual, Group and Family Counseling</li> <li>• Supportive Counseling <ul style="list-style-type: none"> <li>• Substance Abuse Counseling</li> </ul> </li> <li>• Advocacy</li> <li>• Education Coordination</li> <li>• General Medical</li> <li>• Casey Life Skills</li> <li>• Health Education and Recreation</li> <li>• Sensory Therapy Room</li> <li>• Spiritual Support</li> </ul> <p><b>Group Education</b></p> <ul style="list-style-type: none"> <li>• Alcohol and Drug Abuse Prevention</li> <li>• Anger Management</li> <li>• Bullying Prevention</li> <li>• Character Building</li> <li>• Fire Safety</li> <li>• Food Handlers</li> <li>• Health and Nutrition Education</li> <li>• Life Skills</li> <li>• Safe Sex-Teenage Pregnancy Protection</li> <li>• Tobacco Use Prevention</li> <li>• Verbal Respect</li> </ul>
