<p>Level II Home Base operates the Upshur County and Lewis County group homes. Each home is a level II treatment facility and serves no more than five children at a time. The small number of residents allows for the highest staff-to-client ratio in the state, thereby ensuring that each child's treatment plan is highly individualized. Milieu Therapy and Reality Therapy are practiced in a non-institutional environment to provide a more community-based and normal experience for our children, while at the same time allowing a full time masters level therapist and qualified mental health professionals to provide frequent and intense therapeutic interventions on a daily basis.</p>
